

Birches Group LLC Achieves SOC 2 Type 2 Compliance, Demonstrating its Commitment to Safeguarding Customer Data

Press Release – June 2025

FOR IMMEDIATE RELEASE

New York, NY – June 3, 2025 – Birches Group LLC, a leader in innovative human resources solutions, is proud to announce its successful completion of the SOC 2 Type 2 audit. This achievement builds on the company's prior SOC 2 Type 1 certification and demonstrates its unwavering commitment to the highest standards of security, confidentiality, and availability.

The SOC 2 Type 2 certification, conducted by an independent third-party auditor, evaluates not only the design of controls but also their operational effectiveness over time. This comprehensive assessment, considered the gold standard of data security, confirms that Birches Group's systems and processes consistently meet the rigorous criteria established by the American Institute of Certified Public Accountants (AICPA).

Key Highlights of the Certification:

- **Security:** Continued implementation of advanced safeguards to protect client data from unauthorized access and breaches.
- **Confidentiality:** Ongoing enforcement of strict protocols to ensure sensitive information remains protected and accessible only to authorized personnel.
- **Availability:** Proven reliability of systems and infrastructure to support uninterrupted service delivery for clients worldwide.

"As a global provider of HR solutions, we understand the importance of trust," said Jeffrey Slater, Birches Group LLC Co-founder & Partner. "SOC 2 Type 2 certification gives our clients around the world the assurance that their data is secure, and our systems are resilient and reliable."

Birches Group LLC remains focused on continuous improvement and innovation, ensuring that its HR solutions remain secure, reliable, and aligned with the evolving needs of its clients. We want to thank our clients for their continued trust and support in Birches Group.
